Senior Software Engineer with 4+ years of experience delivering banking and enterprise solutions across CRM, backend systems, DevOps, and cloud platforms. Experienced in modernizing legacy applications, improving software quality, automating deployments, and building scalable solutions that enhance operational efficiency and customer experience.

EXPERIENCE

Senior Software Engineer

Apr 2025 – now

Albilad Bank, Riyadh

- Re-implemented public-facing banking APIs from legacy ASMX services to modern .NET Core architecture, improving maintainability, performance, and security.
- Developed branch appointment management module for customers on SharePoint.
- Designed and developed internal tools for notifications, archival, document scanning, and data migration, improving operational efficiency and reducing manual effort.
- Resolved security vulnerabilities and contributed to CRM CI/CD pipeline implementation.
- Provided third-level production support for critical banking systems.

Software Engineer

Oct 2022 – Apr 2025

Ejada & AL Rajhi Bank, Riyadh

- Developed Dynamics CRM solutions including plugins, workflows and services.
- Designed and implemented a CI/CD pipeline for CRM solution deployment.
- Built operational and monitoring tools that improved administration and support efficiency.
- Code reviews and promoted best practices to improve delivery quality and reduce risks.

DevOps Engineer

Jul 2024 – Oct 2024

Minthar, Riyadh

- Established reusable CI/CD templates for IIS-hosted applications using Bitbucket.
- Built an ETL pipeline from web scraping external APIs to transformed analytical databases.
- Managed cloud infrastructure and SQL Server cloud migrations.
- Automated administrative and maintenance tasks using PowerShell and SQL jobs.

Software Engineer intern

May 2021 - Aug 2021

Saudi Aramco, Dhahran:

- Developed desktop and web applications based on requirements gathered from multiple business departments.

EDUCATION

Bachelor's Degree - Software Engineering

Sep 2016 - May 2022

King Fahd University of petroleum and minerals, Dhahran

Graduated with honor class. Cyber Security and Blockchain concentration program.
